Roles and Responsibilities

The Academic Affairs Secretary (AAS) shall:

- Represent the views of the students from taught programs on academic matters to the Board of Academic Courses and the Senate. These include, but are not limited to the academic program, the curriculum, teacher and course feedback, academic clubs and activities, and undergraduate and postgraduate research.
- Coordinate between the Executives at the department level regarding issues that concern more than one department.
- Coordinate the functioning of all the centralised facilities of academic nature, such as the Library, P. G. Senapathy Computer Centre, Placement Office, etc. along with the Research Affairs Secretary in a manner that addresses the needs of the General Student Body.
- The Academic Affairs Secretary, along with the Research Affairs Secretary, shall be responsible for the smooth functioning of these facilities including, but not restricted to, the number, variety and quality of books and journals available to the General Student Body.
- Be an ex-officio member of any committee, which may be set up by the Administration for matters related to the academic affairs for taught programs.
- Be a member of the Sub-Committee for Discipline and Welfare of Students and regularly update the Student Legislative Council and the General Student Body regarding the decisions taken by the Committee.
- Coordinate with the International and Alumni Relations Secretary on promoting research collaborations between IIT Madras and other premier Institutes/Universities in India and around the world.
- Be conversant with all the rules of academic research at the Institute.
- The following teams will be headed by the Academic Affairs Secretary:
    - ➔ Placement & Internship Cell concerning the students of all the taught programs
    - ➔ Career Development Cell

Placement & Internship Cell

The Placement and Internship Cell shall facilitate industrial as well as academic opportunities via established processes such as the Institute Placement Process & Institute Internship Process and other de-centralised processes.

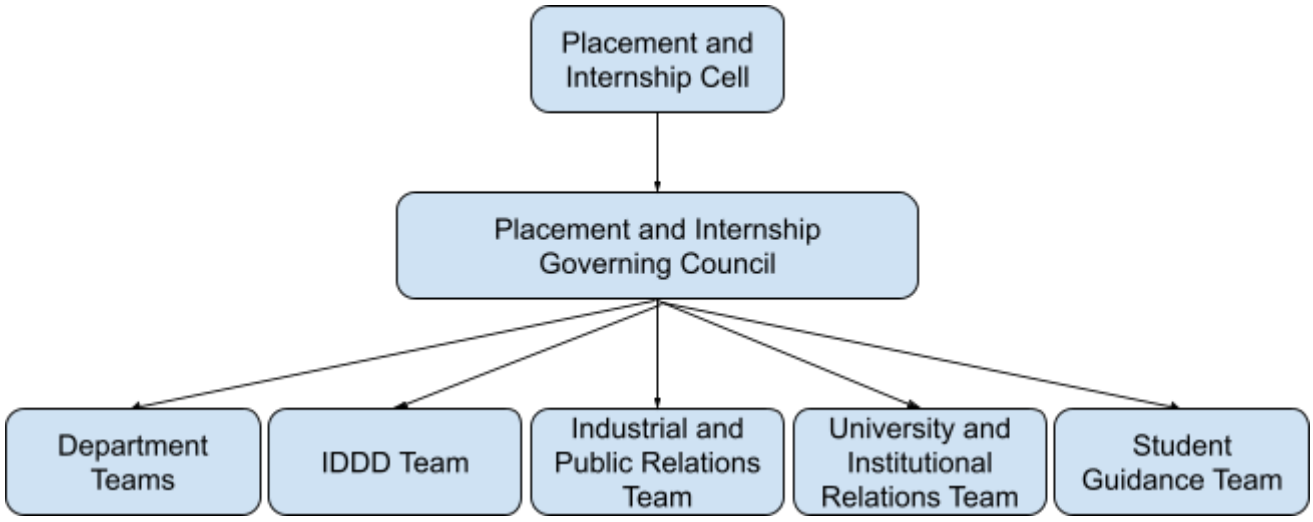

The cell shall be led by the Placement and Internship Governing Council, comprising of 5 Heads of the Placement & Internship Cell. They are:

1. Academic Affairs Secretary (AAS)
2. Research Affairs Secretary (RAS)
3. Placement Head (for all taught programs)
4. Placement Head (for all research programs)
5. Internship Head (for all taught programs)

The team under the Placement and Internship Governing Council can be broadly divided into:

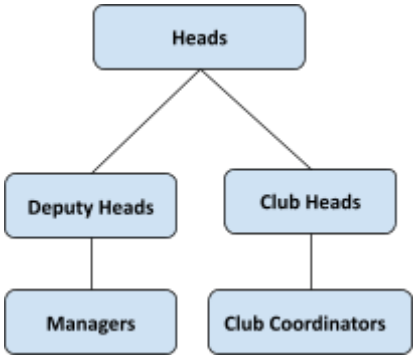

1. **Verticals:**
    a. These are the intra-department teams which are three-tiered
    b. The department teams will be separate for both the UG and PG programs, with representation for all departments in the UG and PG teams.
    c. The internship process will be jointly run by the same team for all the teams relevant to taught programs.
2. **Horizontals:**
    a. These are the inter-department teams which are two-tiered
    b. These teams will handle all the things that aren't under the purview of the department teams.

Kindly refer to the Rulebook for the Placement & Internship Cell for more details.

Career Development Cell

The primary duty of the Career Development Cell is to do all career development activities at a department level (through the Department Academic Mentorship program) and Institute level in coordination with CDC – R. In addition to this, the CDC will look after the career-based clubs and the Student Guidance UG Team under the Placement & Internship Cell.

Team Structure under the AAS

CDC Heads

The CDC Heads directly report to the AAS and are appointed through a written application and an interview process. A maximum of 3 CDC Heads may be selected. The interview panel shall contain the AAS and outgoing CDC Heads. Advisor (CDC) may choose to have an additional interview process followed by the above-mentioned one. The CDC Heads are the de-facto Cores of the UG Student Guidance Team in the Placement & Internship Cell.

Deputy Heads and Managers

The CDC Heads shall select Deputy Heads and managers, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the CDC Heads; the AAS may choose to join. The CDC Deputy Heads and managers are the de-facto Deputy Heads and managers of the UG Student Guidance Team in the Placement & Internship Cell.

Duties and Responsibilities

CDC is divided into 3 verticals. Each vertical would be assigned Deputy heads who would have the responsibility of heading their respective verticals and managers who would be responsible for the operations of each vertical namely:

1. Placement and internship vertical: This vertical would have responsibilities of organising sessions to aid students with their placement and internship preparation, vendor outreach which can aid students in preparation, aid students to prepare in growing in their upcoming corporate careers and other activities which the appointed heads would see fit in counsel with the CDC heads.
2. Future Prep vertical: This vertical would be responsible for helping students in their journey to find paths they can take for their future by organising sessions and activities in the domain of higher studies, Competitive exams and Research, to handle niche career sessions, facilitate activities for students in tandem with the University relations team and workshops and other activities which the appointed heads would see fit in counsel with the CDC heads.
3. Mentorship vertical: The Mentorship team will handle the non-standard sessions and the Department Academic Mentorship program (DAMP) facilitating career development and academic activities at the department level. More detailed description of this vertical is mentioned on page 7. Other activities which the appointed heads would see fit in counsel with the CDC heads.

CDC would also have 2 responsibilities that the members of the above verticals would be made a part of in the semester when the respective teams would have less workload as per the directions of the CDC heads. The teams would be:

1. Social media and Design team: This team would be responsible for designing content related to CDC, would be responsible for the management of CDC's social media accounts and other activities as suggested by CDC heads.
2. Proprietary content team: This team would be responsible for generating content which CDC is responsible for like Bluebooks, would be responsible for creating a short excerpt of all CDC events and other activities as suggested by CDC heads.

Removal Procedure

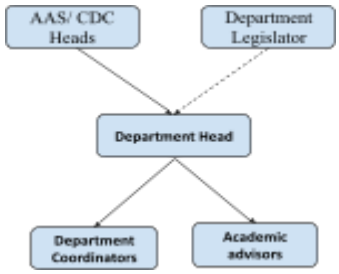

Removal from the team shall be for the following reason:

Unsatisfactory Performance

If a selected team member is found performing way below the expectations, he/she can be removed from the CDC team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks, the members higher in the hierarchy (if any), in consultation with AAS and Advisor (CDC), can choose to remove the member from the team. A report on the same shall be submitted to the Advisor (CDC) and shall be made available to SLC.

Department Academic Mentorship Program

The Department Academic Mentorship Program (DAMP), managed by mentorship vertical - CDC, facilitates academics and career mentorship at the department level. The primary target for the program is to guide second year and third year dual degree students.

Team structure under CDC heads and AAS

Department Heads

1. Department heads would be appointed in consultation with the respective HoD and outgoing Department Head.
2. The respective Department Legislators (Academic) can choose to be the ex-officio Department Student Heads of DAMP.

Department Coordinator

The Department Heads from each department shall select upto 3 coordinators, exact number decided basis department strength and stream diversity, in consultation with the CDC heads. The selection process is through a written application and an interview. The interview panel shall contain the incoming Department Heads; the CDC heads may choose to join.

Academic Advisor

The Department Heads from each department shall select upto 10 Academic Advisors, exact number decided basis department strength and stream diversity, in consultation with the CDC heads and their selection process is done through a written application. The application procedure will be intimated to the student community in a call for applications. The interview panel shall contain the incoming Department Heads; the CDC heads may choose to join.

Duties and Responsibilities

Department Head and Coordinator

All academic and career mentorship activities at the department level and coordinate with council for institute level activities. A calendar for academic and career mentorship activities at a department level has to be created by the team which will then be executed at the department level.

Academic Advisor

The Advisor will be educating students by providing guidance on topics including, but not limited to:

- The scope of the department and potential career opportunities
- The different specialisations offered by the program
- The kind of research opportunities the department offers
- Balancing academics and extracurricular activities
- Going about selecting courses and building a profile

The program will work complimentary to the existing mentorship programs and their activities would be kept in mind before starting new initiatives.

Removal Procedure

One can be disqualified from the team only upon consulting the CDC faculty Advisor and submitting a request for disqualification along with a report.

Removal from the team shall be for the following reason: Unsatisfactory Performance If a selected team member is found performing way below the expectations, he/she can be removed from the Department Academic Mentorship Program team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks CDC heads in consultation with AAS and the CDC faculty Advisor can choose to remove the member from the team. A report on the same shall be submitted to the CDC faculty Advisor and shall be made available to SLC.

Finance Club

The primary duty of the Finance Club is to facilitate a platform for finance enthusiasts in the institute to engage and help to develop a culture for the same among the interested members of the GSB

Team Structure under the AAS & CDC Heads

Finance Club Heads

The Finance Club Heads directly report to the AAS and the CDC Heads and are appointed through a written application and an interview process. The interview panel shall contain the AAS and outgoing Finance Club Heads. Advisor (CDC) may choose to have an additional interview process followed by the above-mentioned one.

Coordinator, Magazine Chief Editor

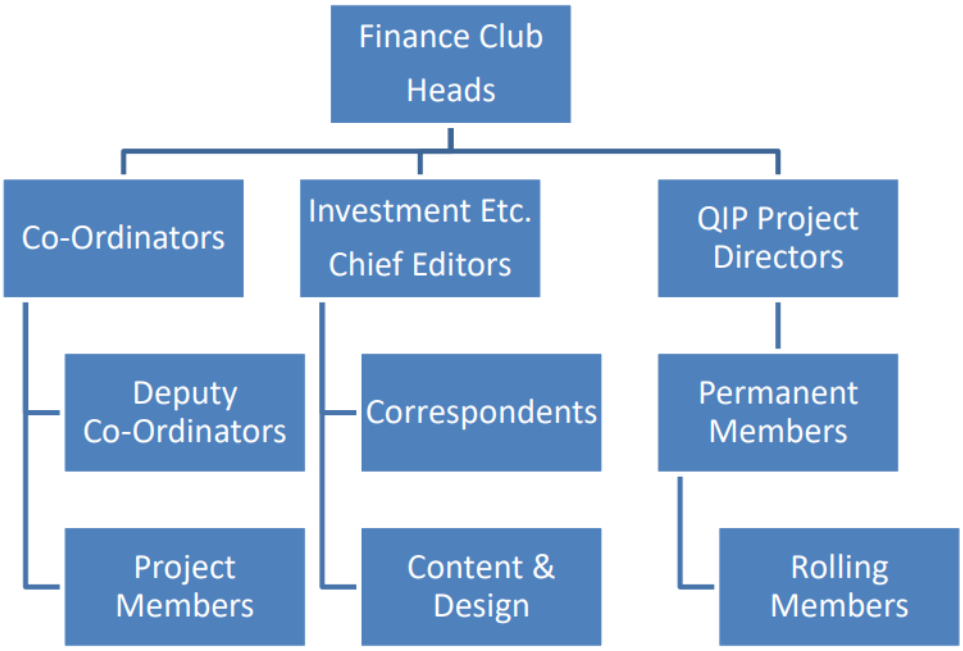

The Finance Club Heads shall select Coordinators and Magazine Chief Editor, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the Finance Club Heads; the AAS may choose to join.

Deputy Coordinators, Project Members, Magazine Correspondents

The Finance Club Heads shall select Deputy Coordinators, Project Members and Magazine Correspondents, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the Finance Club Heads and Coordinator / Magazine Chief Editor, based on the team structure; the AAS may choose to join.

Quant & Investment Projects Vertical

The team will have 2 Project Directors, 5-6 Permanent Members and rolling members selected through an engagement programme. Projects with a duration greater than 6 months will be taken up by QIP, and projects with a duration less than 6 months will be handled by the 3 main verticals. In a situation where either wants to take up a project from the others' side, there will have to be a proper discussion prior to the project being conducted as a collaboration. Here, Finclub(3 Main Verticals) and QIP will have the final say in their respective duration guidelines based on jurisdiction.

Duties and Responsibilities

The set of activities that can be taken up by the Finance Club include (but are not limited to):

- Managing Investment Etc magazine
- Conducting finance competitions, webinars and undertaking projects
- Working towards tie-ups, collaborations and free access to resources for the benefit of the GSB

Removal Procedure

Removal from the team shall be for the following reason:

Unsatisfactory Performance

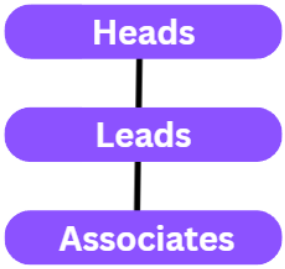

If a selected team member is found performing way below the expectations, he/she can be removed from the Finance Club team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks, the members higher in the hierarchy (if any), in consultation with AAS and Advisor (Finance Club), can choose to remove the member from the team. A report on the same shall be submitted to Advisor (Finance Club) and shall be made available to SLC.

No Code Club

The primary duty of No Code Club is to equip the GSB with the necessary tools and resources for building and evaluating digital products. This involves facilitating the GSB in building its own live product portfolio and evaluating frameworks by adopting a first-hands experience approach using No-Code tools, and upskilling the GSB with the new emerging technology such as Generative AI, Product Building tools, LLMs, etc. by eliminating the barriers to innovation using No-Code tools, and making them industry ready

Our Vision for this club can be briefly encapsulated with the following:

"To equip the GSB with the necessary tools and resources to build and evaluate digital products by eliminating the barriers to innovation"

Team Structure under the AAS & CDC Heads

No Code Club Heads

No Code Club heads directly report to the AAS and the CDC Heads and are appointed through a written application and an interview. The interview panel shall contain the AAS, the outgoing No Code Club heads. Advisor (CDC) may choose to have an additional interview process followed by the above-mentioned one.

No Code Club Leads

The No Code Club Heads shall select Leads 2 per vertical, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the No Code Club Heads; the AAS may choose to join.

No Code Club Associates

The No Code Club Heads shall select Associates, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the No Code Club Head and the respective team lead; the AAS may choose to join.

Duties & Responsibilities

The set of activities that can be taken up by the Case Club include (but are not limited to):

- Conducting events and activities for helping GSB in facilitating the GSB in building its own live product portfolio and evaluating frameworks by adopting a first-hands experience approach using No-Code tools
- Upskilling the GSB via camps and competitions with the new emerging technology such as Generative AI, Product Building tools, LLMs, etc. by eliminating the barriers to innovation using No-Code tools
- Working towards tie ups, collaborating and free access to resources for the benefit of GSB

Removal Procedure

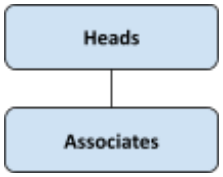

Removal from the team shall be for the following reason:

Unsatisfactory performance

If a selected team member is found performing way below the expectations, he/she can be removed from the No Code Club team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks, the members higher in the hierarchy (if any), in consultation with AAS and Advisor (No Code Club), can choose to remove the member from the team. A report on the same shall be submitted to the Advisor (No Code Club) and shall be made available to SLC

Case Club

The primary duty of the Case Club is to facilitate a platform for case solving enthusiasts in the institute to engage and help to develop a culture of case solving across the consulting, product management and analytics domains among the interested members of the student general body.

Team Structure under the AAS & CDC Heads

Case Club Heads

The Case Club Heads, directly report to the AAS and the CDC Heads and are appointed through a written application and an interview process. The interview panel shall contain the AAS and outgoing Case Club Heads. Advisor (CDC) may choose to have an additional interview process followed by the above-mentioned one.

Associates

The Case Club Heads shall select Associates, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the Case Club Heads; the AAS may choose to join.

Duties and Responsibilities

The set of activities that can be taken up by the Case Club include (but are not limited to):

- Conducting case competitions, webinars and undertaking projects
- Working towards tie-ups, collaborations and free access to resources for the benefit of the GSB

Removal Procedure

Removal from the team shall be for the following reason:

Unsatisfactory Performance

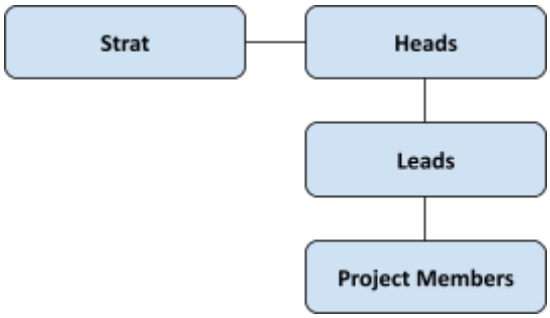

If a selected team member is found performing way below the expectations, he/she can be removed from the Finance Club team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks, the members higher in the hierarchy (if any), in consultation with AAS and Advisor (Case Club), can choose to remove the member from the team. A report on the same shall be submitted to the Advisor (Case Club) and shall be made available to SLC.

Behavioural Insights Club

The club would focus on serving as a platform for students and key industry stakeholders in the field of Behavioural Science to get together and tackle real-world issues while upskilling themselves in the process. BInC will play a principal role in introducing and shaping an unconventional career path in the academic ecosystem of IIT Madras.

Our Vision for this club can be briefly encapsulated with the following;

"*Leverage understanding of Engineering, Management, and Psychology to gain interdisciplinary insights to address real-world problems*."

Team Structure under the AAS & CDC Heads

BInC Head

The BInC Heads directly report to the AAS and the CDC Heads and are appointed through a written application and an interview process. The interview panel shall contain the AAS and outgoing Head along with strat. Advisor (CDC) may choose to have an additional interview process followed by the above-mentioned one.

Strat

The strat are appointed through an interview process. The interview panel shall contain outgoing Head along with outgoing strat; the AAS may choose to join.

Leads

The BInC Head shall select Leads, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the BInC Head and strat; the AAS may choose to join.

Project Member

The BInC Head shall select Project Members, in consultation with the AAS. The selection process is through a written application and an interview. The interview panel shall contain the BInC Head and the respective project lead; the AAS may choose to join.

Duties and Responsibilities

The set of activities that can be taken up by the Behavioural Insights Club include (but are not limited to):

- **Various Social Experiments:** Organise insti-wide sessions, where GSB will be invited to participate and leave with a better idea of nudges and behavioural sciences

- **Research Projects**: Form a dedicated interest group among research scholars and professors in order to facilitate communication with various industry insiders
- **Solve Problems:** Propose solutions to problems faced by GSB as well as key stakeholders (industry/academia), and work to implement the same.

Removal Procedure

Removal from the team shall be for the following reason:

Unsatisfactory Performance

If a selected team member is found performing way below the expectations, he/she can be removed from the Behavioral Insights Club team following due procedure. An initial warning shall be given, with a notice period of two weeks. If the performance does not improve in two weeks, the members higher in the hierarchy (if any), in consultation with AAS and Advisor (Behavioural Insights Club), can choose to remove the member from the team. A report on the same shall be submitted to the Advisor (Behavioural Insights Club) and shall be made available to SLC.
